

Event Photo & Video Content Production

"Most events result in one aftermovie and after that, 80% of your content sits unused on a hard drive.

This checklist prevents that. You decide upfront what to capture, you don't miss a single key moment during the event, and within 48 hours you're visible on LinkedIn."

Checklist before the event

General

- Location and type of event shared ☐
- Venue/location info shared (lighting, layout) ☐
- Programme shared (incl. key moments) ☐
- Key moments flagged ☐
- Point of contact assigned ☐
