

Event Vodcast Recording

Studio-quality content featuring your own partners, keynote speakers and/or clients

Your partners, keynote speakers and clients are already at your event. The perfect opportunity to record a 15 to 25 minute vodcast with them, with no detour to the studio.

We do this with our plug & play multi-camera system: five AI-driven PTZ cameras linked to a single switcher unit. No camera crew needed, and the set is ready within 60 minutes. With 3 presets per camera, we choose from 15 different camera angles that guarantee dynamic footage.

Practical

- Ideal around the table: 2 to 3 guests plus a moderator or host.
- This can be in a separate room, but a quiet corner of the event venue also works. That's why we find a location check beforehand important.

Investment & tiers

What you get per tier, full day (8 hours)

Bronze	€ 2.275
– Approx. 8 vod- & podcast episodes of approx. 15 - 25 minutes – Capture only: you edit it yourself – 1x Behind-the-scenes vodcast recordings
